

# Pull Up Card

Shared by Amy Celona, [www.ustamp4fun.com](http://www.ustamp4fun.com)

**Set(s):** Autumn Harvest, Define Your Life, Holidays & Wishes ("Happy Thanksgiving Stamp"), Autumn Leaves wheel, Itty Bitty Backgrounds  
**Accessories:** Old Olive ink and cardstock, More Mustard ink and cardstock, Very Vanilla cardstock, So Saffron, Close to Cocoa, Eggplant Envy, More Mustard and Old Olive re-inkers and Aquapainters; Natural hemp, word window punch, sponge daubers, glue dots, Dimensionals™

1. Fold the Olive cardstock in half and punch two 'tracks' with the Word Window Punch on the shorter side (DO NOT get too near either edge)
2. Take one of the larger vanilla squares and roll the Autumn Leaves wheel across the entire thing and then sponge the edges in Olive ink with the sponge dauber. Adhere that onto the largest Mustard layer.
3. On the smallest Vanilla rectangle stamp the greeting and the leaf and color in with ink from the palette with the Aquapainter. Take a TINY bit of color from it and watercolor gently... *test on your scrap paper for best results.* Adhere this to the matching sized Mustard rectangle.
4. Take the other 4 1/2 x 3 inch vanilla strip and mask & stamp the pumpkin and gourds as shown AT THE BOTTOM. Tear the top to leave room for the greeting. Adhere this to the 4 3/4 x 3 inch Mustard piece left at the very bottom and stamp the greeting in the top left hand corner. BE CAREFUL stamping the greeting as it is double sided stamp and difficult to determine if it is right side up (practice on your scrap paper)

## ASSEMBLY:

5. Lay the largest layer in between the card (with the tracks showing in front (Fig 1) and put Dimensionals™ at the very bottom. After removing the wax cover, use your nail to push the Dimensional™ narrower (to ensure it is not touching the punched 'tracks')
6. Lay the small greeting layer so that the back (at the bottom of it) adheres to the Dimensionals™
7. Put Dimensionals™ in each corner of the front layer and adhere it over (but not touching) the pop up greeting layer.
8. Ribbon: fold the 3' wide grosgrain in half ("V"). Wind hemp around toward the bottom (around both sides), tie & knot. Adhere to back layer with glue dots
9. Adhere the front and back of the Olive card by putting a glue dot behind the front two corners (keep away from the pop up layers)
