  ¼ inch circle, 1/16th inch circle, Scalloped circle
Dimensionals™, Cotton, Sharpie (black), White Gel Pen
Top Note Sizzix Die & Big Shot Sizzix machine
Green ribbon (Ribbon Bundle from SAB rewards)
Sticky Strip

1. Fold the So Saffron pre-scored cardstock piece on all the score lines. Cut out the 'black areas' on the diagram and also 'cut' on the solid lines and form two box sides. Fold in a way that one box 'side' fits inside the other. With the box closed, adhere the ribbon around 3 sides (leaving the open side unglued… DUH).

2. Take the Saffron card 'quarter' and the Designer Paper matching size and run through with Sizzix with the Top Note Die

3. Adhere together both 'top note' pieces and cut in half as shown and adhere one to the top and one to the bottom of the box with Sticky Strip™ … be careful to adhere it tightly on as the top and bottom will need to withstand opening and closing.

4. Punch out the pieces of the bunny as follows:
    On the White card quarter:
    *   Two 1 3/8 inch jumbo circles
    *   Two ½ inch circles
    *   Four large ovals

    On the Pink cardstock punch four small ovals
    On the black cardstock punch two ¼ inch circles
    On the So Saffron cardstock punch two scalloped circles

5. Assemble the bunny as shown on the front of the box. Use the White Gel Pen on the eyes and the Sharpie™ on the nose, whiskers and feet. Set a mini pink brad for the nose. Make a cotton tail from a small piece of the cotton balls provided.
