Fold the Crumb Cake cardstock in half

Stamp the words repeated with the word stamp

Line up the embossing folder at the bottom

Emboss and then cut around the scallop

Tear the top edge

Roll down the top edge

Sponge the top and edges with White

Run the adhesive along the back top and bottom

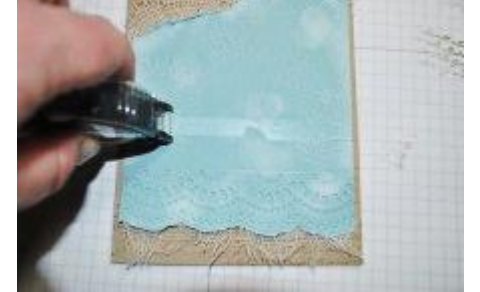

Cut a strip of cotton gauze and adhere to back bottom edge

Adhere the gauze along the back top edge

Tack the blue layer to the front As shown (but only lightly)

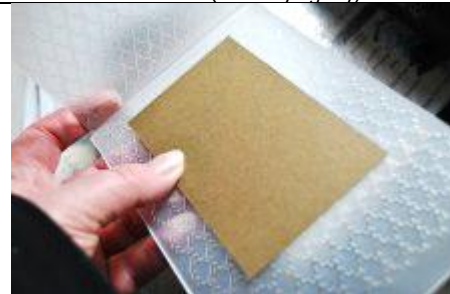

Run a line of mono just above the scallop edge

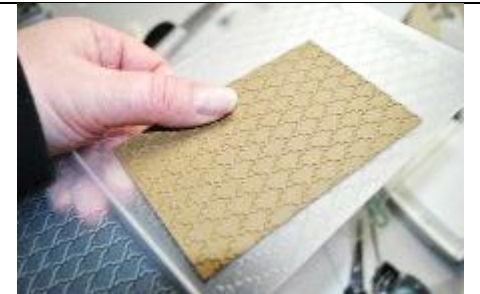

Adhere the lace as shown

Pull up the blue layer and wind the cotton thread around it

Take the 1/8th piece of Suede

Emboss it with the Fancy Fan folder

Tear the edges off

Make two irregular pieces

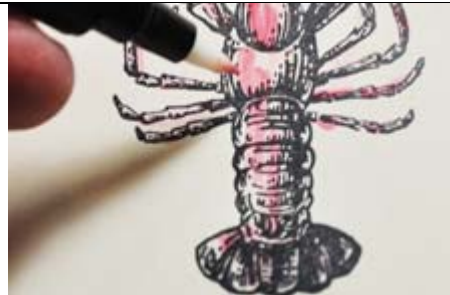

Stamp the lobster in Black StazOn™

Use the ink from the Riding Hood red Ink pad with the blender pen

Color in the lobster in

Leave white space and use just the Suggestion of color

Using the brush tip, outline the outer edge With the Crumb Cake marker

Tear out the lobster

Sponge the edge with a dauber and Suede ink

Use mono on the back

Adhere the torn embossed pieces

Looks like this

Adhere the layered piece to the front

Adhere the button as shown

Make a bow of the hemp and adhere with a Glue dot to the button
