

Envelope Die-Cut Box

Sets/Stamps: Inspired by Nature

Accessories List:

Baja Blue cardstock (four pieces cut 5 1/2 x 4 1/4) cut with the Big Shot and the 'Scalloped Envelope Bigz Die'; Stampin' Write markers: Not Quite Navy, Night of Navy, Close to Cocoa & Chocolate Chip; Baja Breeze Double-Stitched Grosgrain ribbon (15"); Kiwi Kiss/Very Vanilla 2-sided satin ribbon (4 inches); Whisper White cardstock (cut), Kiwi Kiss cardstock (cut), Urban Garden DSP, Sticky Strip™ double sided tape, glue dots

1. Ink the flower head with Close to Cocoa marker and then add dimension by touching it up with Chocolate Chip marker. Color the petals with Not Quite Navy and touches of Night of Navy, color the stem with Old Olive.

2. "huff" the stamp with a warm breath to rewet before laying the small vanilla rectangle on it to transfer the image.

3. Ink the 'grass' side of the stamp in Old Olive and then stamp the flower with *just* the tips of the grass.... and viola! Layer this stamped image on the Kiwi Kiss rectangle provided.

4. Using the Sizzix Big Shot, put two of the Baja Blue quarter sheets on top of the Scalloped Envelope *exclusive* die and run it through.

5. You will repeat that again to get a total of four mini envelopes

6. Cut off the side tabs from two of the four envelopes and put adhesive on the side tabs of the remaining two envelope tabs.

7. Adhere the envelopes together as shown. The scallop will be the top and the other end will be the bottom

8. Use glue dots to hold the bottom shut

9. Wrap the strip of DSP around the box and then adhere the ribbon around the box as well over that. Cover the box side that comes up short with the layered flower (adhering with sticky strip) then add a knot of satin ribbon as shown
